## Standards of Care for People Living with HIV 2018

The **BHIVA Standards of Care for People Living with HIV** were published in 2018.  
They are great, but long and hard to understand in places.

So we have written

**“YOUR GUIDE TO”**

which aims to tell you what you should expect when getting your HIV care.

If you do not have internet access, please ask your HIV clinic or HIV support group for help. They may have a limited supply of print copies available.
